# THRIFT SEEDS

GARDEN  
FIELD &  
FLOWER

**CRABBS REYNOLDS TAYLOR**  
**COMPANY**  
**CRAWFORDSVILLE, INDIANA.**

**1928**  
**Wholesale Price List**  
**Crabbs Reynolds Taylor Co.**  
**SINCE SEEDSMEN 1880**  
**Crawfordsville, Indiana, U. S. A.**

**TERMS OF SALE**

Herewith we are pleased to quote prices for 1928 subject to market changes, and being unsold on receipt of orders.

It is not our custom to furnish seeds on a price basis, as we are careful to secure from our GROWERS absolutely the best seed obtainable at all times. The THREE most important things are—QUALITY-SERVICE-PRICE. Quality comes first, for if you do not get real quality you cannot expect to hold your trade. Second—comes Service. Without Service, we could be of no immediate benefit to you. Try our Service.

Next we have Price. You know that Quality Seeds are necessarily higher than cheap, low germinating seeds. Our prices are as reasonable as is consistent with the HIGH QUALITY of SEEDS.

**TERMS** All Bills Purchased from This List Are Net June 1st, 1928, Regardless of Date of Purchase or 1 Per Cent Per Month Discount if Paid Before Due. Lawn Grass and Clover Seeds, Miscellaneous Farm Seeds, Onion Sets, Plants and Potatoes, and Bird Seeds, Net Cash, without Any Discount Whatever. All Goods Shipped F. O. B., Crawfordsville, unless Otherwise Specified. Bags Charged at Cost. Cash or Satisfactory References Should Accompany Orders from Unknown Correspondents.

We give no warranty, express or implied as to description, quality, productiveness, or any other matter connected with the goods we send out and we will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

**CRABBS REYNOLDS TAYLOR CO..**

**NOTICE**—In telegraphing orders, please use CODE on third page of cover.

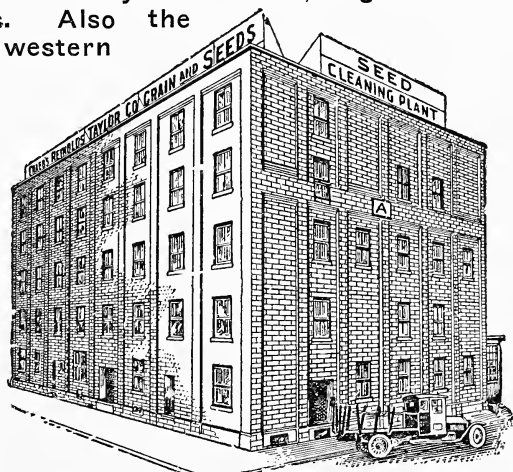

Main Office

## Foreword

Our main office and plant are located at Crawfordsville, Indiana, which is served by the Monon, Big Four and Pennsylvania Railroads. Also the Ben-Hur and Northwestern Divisions of the T. H. I. & E. Traction Company. These shipping facilities enable us to give you quick delivery and our complete stocks together with an experienced organization and up-to-date equipment make it possible to give you good seeds at reasonable prices. Orders will be shipped the day received.

# Thrift Flower Seeds in Packets

Many of our customers call for Flower Seeds in packets, so we are placing a limited number of small cases on consignment, packets retailing at 10c each.

We allow you 40% commission, all carrying charges PREPAID. We do not consign vegetable seed packets to the general trade as do some seedsmen.

If you wish an assortment of Flower seed, we can supply you with any of the following assortments—(Please order by number.)

No. 1— Contains 100 assorted Flower seed packets, excluding Sweet Peas and Nasturtiums.

No. 1— Contains 100 assorted Flower seed packets, leaving out Sweet Peas and Nasturtiums.

No. 1 Z Contains 100 assorted Zinnias.

No. 2 Contains 200 assorted Flower seed packets, including Sweet Peas and Nasturtiums.

No. 2— Contains 200 assorted Flower seed packets, excluding Sweet Peas and Nasturtiums.

No. 2 Z Contains 200 assorted Zinnias.

## The Handling of Bulk Seed Made Easy By Our Help and Suggestions

On pages 6, 7 and 8 we have listed a few assortments for use to those of our customers as well as prospective customers, who have not the time to make out a list.

This is offered or suggested by us for the purpose of helping you. You may add or deduct any item or items which you do not desire. We have tried to give the most popular sellers.

There is not an item in your store that will make the profit that a few dollars of BULK seed will. Carry-over. Yes, you will have a small amount left at the end of the season. But you do not sell all the merchandise you have in your store.

Most items of Bulk Vegetable seeds will be good the following Spring. Only four or five items should be destroyed, such as Parsnip, Onion, Okra and Salsify. Only very small amounts of the above items are usually carried by the average Bulk seed dealer.

To our customers, we supply Glass Jars as pictured above, at \$3.00 per dozen. We furnish labels for Jars without cost. Also with each contract order, we furnish small seed envelopes, hangers, graduate, chart, etc., which really makes the Handling of Bulk Seed Easy.

If we can be of any assistance, please command us. Our Salesmen are anxious to meet you and we sincerely trust you will ask for one to call when you are ready to place your contract order for 1929 delivery. **WE CAN SAVE YOU MONEY.**

We suggest the following assortments to help you make selections of the Best Sellers. If you want further help in making your selections, call us.

## FIELD SEED CORN

Our Drying Room

REID'S YELLOW DENT .....	}	WRITE FOR PRICES
IMPROVED LEAMING .....		
CRAWFORD (Early 100 Day) .....		

(Our Fields Averaged 60 Bu. Per Acre)

Our Field Seed Corn is of the highest type and carefully hand selected from the field before the other corn is ready to crib. It is hung on hangers suspended from the ceiling of our seed corn house and thoroughly dried by air circulation.

Each individual ear is carefully examined when taken down to be shelled. It is then tipped and butted and graded over our special corn screens. Prize ears can be grown from our corn and we suggest you order early as seed corn is scarce this year.

## ONION PLANTS

### BERMUDA ONION PLANTS

Early Green Onions, Large Winter Onions, Mild Sweet Onions all year round, 1000 plants will produce 7 to 10 bushels.

Packed 60 bunches to the crate, 100 plants to the bunch, 6000 plants in a crate. No measuring or weighing to do.

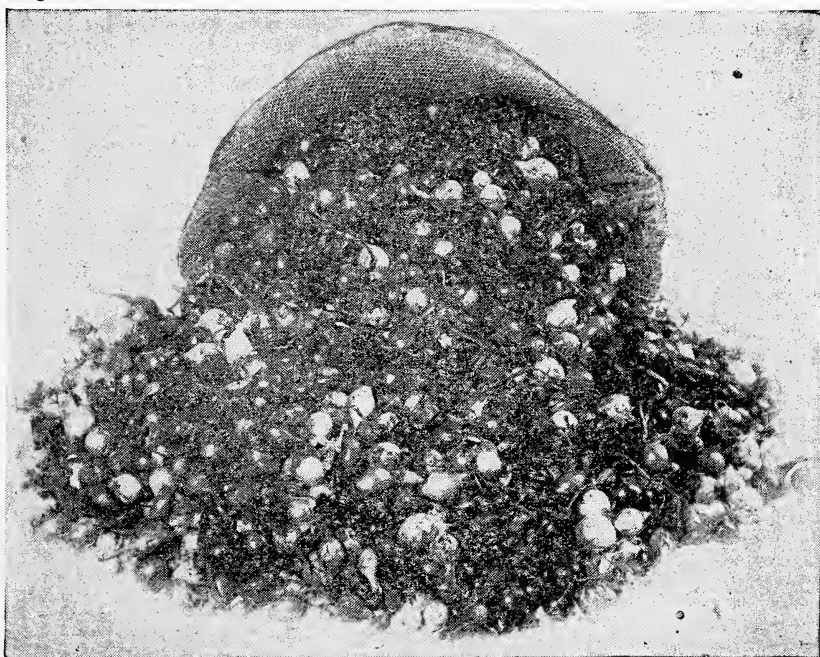

Ask for prices. 100 plants will make more onions than 1½ quarts sets.

# Inoculate

**Alfalfa, Sweet Clover, all Clovers, Soy Beans, Cow Peas, Vetch, Peas, Beans, all Legumes with**

**The Original Soil Inoculator**  
— Registered in the U. S. Dec. 6, 1898—over 26 years ago.

The Improved Soil Inoculator, Mobbe-Hiltner Process

Restores and Maintains Soil Fertility

**The Reliable Soil Inoculator**  
— awarded Gold Medal World's Fair, St. Louis, in 1904—over 20 years ago.

## The Original Soil Inoculator

Grow legumes—alfalfa, clovers, soys, vetch, peas, and beans—for valuable feed crops, soil improvers, cover crops; **BUT BE SURE TO INOCULATE THEM WITH NITRAGIN.** Agricultural Colleges advise inoculation. Inoculated legumes draw valuable nitrogen from the air—not the soil—increase yield and quality of the crop and leave a rich store of nitrogen in the soil for future crops. Inoculated legume seed develops heavy clusters of nodules, where nitrogen is stored, on the roots of the legume plant and without which the legume is valueless as a soil builder. A Nitragin inoculated legume crop bears heavy nodules and pays big in increased soil fertility.

Protect yourself by insisting on NITRAGIN, the original Soil inoculator. All inoculators are perishable; every package of Nitragin is dated as to life of contents for your protection. Look for the dated label when buying; agricultural colleges recommend this protection.

### Prices for Field Nitragin

*Always state kind of seed you want to inoculate.*

1/4 bu. size for 15 lbs. seed .....	\$0.40
1/2 bu. size for 30 lbs. seed .....	.60
1/2 bu. size for Soy Beans and Cow Peas..	.40*
1 bu. size for 60 lbs. seed .....	1.00
1 bu. size for Soy Beans and Cow Peas..	.70*
5 bu. size for 300 lbs. seed .....	4.75
5 bu. size for Soy Beans and Cow Peas..	2.50*

\*These prices on Nitragin for Soy Beans and Cow Peas have been greatly reduced from former prices. Buy the economical 5 bu. size for 50c per bushel of seed, treated.

**When ordering always state kind of seed you want to inoculate.**

### Nitragin for Garden Uses

Every garden needs Nitragin; garden size is for Peas, Sweet Peas, and Beans including Lima (3 in one Inoculant) Price.....20c

Nitragin is an old reliable inoculator. It is well known and used by many agricultural colleges. Sold in tins—not glass—packed in a rich, soil-like granular medium, easy to mix with seed. Contents always fresh and bacteria active and vigorous.

WE ARE DISTRIBUTORS FOR

# SEMESAN

Makes Seeds Healthy

A Big Sales Help — The Semesan Counter Display Box.

Belt. Profit-taking ear, root and stalk rots are controlled, yields are often increased, and **THE COST IS ONLY 2½¢ PER ACRE.** This will prove to be a leader in your sales.

Semesan "Decal"

**INCREASE** your profits by selling the Du Pont Semesan Seed Disinfectants. Dealers in all sections of the country report excellent success in handling this line which comprises Semesan, Semesan Jr., and Semesan Bel. These materials provide the best possible protection against an astonishing variety of seed-borne fungus and bacterial diseases that reduce germination, stand and crop yields.

Semesan is the only organic mercury compound that may be applied by **EITHER THE DUST OR LIQUID METHODS** in the disinfections of seeds, bulbs, roots and tubers to control surface-borne diseases. Every grower is a prospect.

Semesan Jr. is the disinfectant for both field and sweet seed corn, that has produced such wonderful results in the Corn

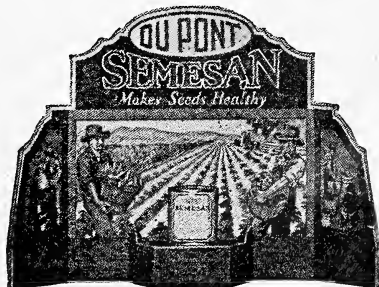

One of the many Crop Booklets that are furnished free with your imprint.

Semesan Bel is used by the labor and time-saving instantaneous dip method in the treatment of both white and sweet potatoes. It controls diseases such as rhizoctonia, black scurf and scab, promotes greater stands of sturdy plants and frequently increases yields. Semesan Bel is now improved so that one pound will treat from 16 TO 20 BUSHELS OF SEED POTATOES, and the disease control is even more effective.

The Du Pont Semesan Disinfectants are backed by comprehensive national advertising and sales promotion campaigns. Crop booklets are furnished free with your imprint, as well as window and store display materials, motion picture films, a book of testimonials, sales letters, newspaper and catalog electros.

FED ON  
NEW IDEA  
MASH

New Idea All Mash Poultry Ration was designed as a year round feed which would give satisfactory results at the lowest cost and with the smallest amount of labor when fed to baby chicks, growing stock and laying hens. The formula is based on a large amount of experimental work and has been used with satisfaction by hundreds of poultrymen in Indiana.. It has the advantage of economy, ease of feeding and the need of purchasing only one feed the year round. Only the finest quality ingredients are used in this mash. Made with and without cod liver oil.

# Telegraph Cipher or Cable Code for Weights

The telegraphic word for weights should always precede the cipher word for seeds. Please tell us in first word of telegram, how shipment is to be made "MAIL, EXPRESS or FREIGHT"—thus "MAIL DACE CALM DAD CAMP," would read—"Mail at once three pounds Early Jersey Wakefield Cabbage Four pounds Large Late Drumhead Cabbage." "EXPRESS DAINTY LABAN FREIGHT DE-COY BALL", would mean "Express at once ten pounds Early Curled Simpson Lettuce Freight Six hundred pounds Burpee's Stringless Green Pod Beans."

Our customers will find this an inexpensive and quick way to secure seeds, when in a hurry. We cannot, however, hold ourselves responsible for any errors arising from incomplete messages or incorrect translation.

**IMPORTANT.** This telegraphic cipher must be used **ONLY** on orders by telegraph or cable and never in written orders sent by mail.

## TELEGRAPHIC CODE WORDS FOR WEIGHTS

Poultrymen are feeding simple mixtures of essential properties for complete ration, with the results of production and economy. The value of the mixture is governed by the quality of the ingredients, and our feeds are selected for that purpose.

Many poultrymen are successfully using our New Idea Poultry Ration, which is the original formula produced at Lafayette about two years ago. Their continued success is due to original principles and quality maintained.
